### ***Terminal Disclaimer***

2. The terminal disclaimer filed on 7/12/2005 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US Patent No. 6,705,501 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Authorization for this examiner's amendment was given in a telephone interview with Adan Ayala at 410-716-2368 on 7/12/2005.

The application has been amended as follows:

In the amended specifications received 1/29/2004, page 1, line 3, "pending" was replaced with --US Patent No. 6,705,501--.

***Reasons For Allowance***

The following is an examiner's statement of reasons for allowance: The prior art of record fails to anticipate or show in combination a fastening tool having a magazine, a housing, a knob rotatably attached to the housing and linked to the adjuster, a driving mechanism and a trigger assembly combined with a contact trip assembly that moves along a first direction substantially vertically to move at least one of the main trigger and the supplemental trigger of the trigger assembly and wherein an adjuster supported by the contact trip having teeth that mesh with teeth on the contact trip assembly; the adjuster movable between a first position where the teeth of the adjuster and the contact trip mesh and a second position where the teeth of the adjuster and the contact trip do not mesh; and wherein the adjuster moves between the first and second positions along a second direction substantially perpendicular to the first direction.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
